

European Research Institute in Social Work (ERIS)

Research / dissertation project	
Name: Marek Mikulec e-mail: marek.mikulec@osu.cz Years of study: (e.g. 2011 – 2014)	University of Ostrava PhD project
Subject / title of the project Poverty and social exclusion in urban area	
Scientific importance Poverty and social exclusion are in the context of economic/social/political crisis relevant themes. These are important factors for the structuring of urban area. I am concerning about these topics altogether.	
Practical relevance The aim is to try to understand the living in excluded locality.	
Main thesis How is structured social order in excluded locality?	
Research methodology Qualitative research – interpretative sociology; symbolic interactionism or ethnomethodology	
Key words Poverty, social exclusion, urban area
