

eduroam - setting your password

1. Setting your eduroam password

1.1 University of Ostrava Portal

In any web browser (Internet Explorer, Firefox, Chrome etc.) go to **<https://portal.osu.cz>** and log in to the University of Ostrava Portal with your username and password. The username was generated when you enrolled/signed agreement and you have activated your account for all IT systems within the OU by resetting your password.

1.2 “My password” section

Click on the **My page** tab in the blue top bar, then click on **Password change** in the grey top bar (Fig. 1 and 2).

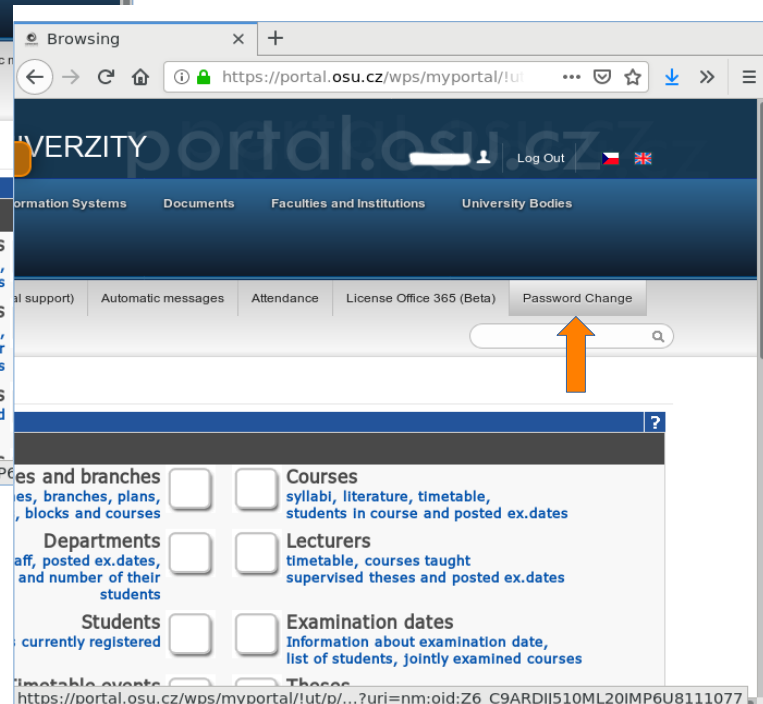

Fig. 2

1.3 Setting your eduroam password

In the bottom half of the page you will find the section **Change password eduroam**. Enter your current Portal password, and then enter your eduroam password (twice). Your eduroam password must be different from your Portal password. The password for eduroam is following the current security policy listed on the Portal. Save your chosen password by clicking on the button **Save new eduroam password** (Fig. 3). Check the message to see the operation was successful. Otherwise, repeat this step. The new password is valid immediately.

Change password eduroam

Click [here](#) for a guide to using the eduroam Wi-Fi network

Enter your Portal password:

Enter your new password:

Enter your new password again:

Save new eduroam password.

Rules:

By entering your eduroam password you give your consent to the [operating rules of the University of Ostrava's information systems and networks](#) and all related rights, responsibilities and penalties.

Your new password must meet the following criteria:

- Your password must not be same as your password for the UO Portal (Novell).
- Permitted characters are: the letters in the English alphabet (A-Z, a-z) and the numbers 0-9. Any other characters will be rejected.
- Your password must be at least 6 characters long.
