## FORMS OF ADDRESS EXPRESSED BY ANIMAL NAMES IN THE POLISH LANGUAGE IN COMPARISON WITH THE RUSSIAN TRANSLATION

**ABSTRACT** *The article is devoted to addressative phrases expressed by animal names in Polish compared to the Russian translation. In the collected corpus, addressative forms addressed to women and to men were separated. As the examples taken from contemporary Polish prose and its Russian translation show, the valuations expressed by them can be both positive and negative.*

**KEY WORDS** *forms of address, Polish language, Russian translation, animal names*
