PART 1: HEALTHY LIFESTYLE

The importance of a balanced lifestyle will be discussed throughout the first week. You will start with the excursion to the Human Motion Diagnostic Centre where you will be given the Polar bands to monitor your physical achievements for the week, the series of lectures on the Theory of Health, the Influence of the Environment on Health and others will be followed by exciting sport activities, e.g. team games, hiking to Beskydy mountains, Nordic walking and wakeboarding.

Do not worry if you are not an active sportsman/sportswoman, the whole idea is to try and learn something new and to enjoy yourself, the experienced team will provide instructions, guidance and support in all the activities.

PART 2: CREATIVITY

There will be 25 hours of workshop consisting of a topic introduction, interactively facilitating the main concepts related to the respective creativity topic, followed by activities, quizzes and discussions. There will be a reading list, a proposal for TED talks and mini projects to be done in small teams. Let's get creative together!

PART 3: START-UP: HOW TO DESIGN YOUR OWN CREATIVE BUSINESS

The aim of this part is to teach students how to design and develop their own start-up to promote self-employment. Creative thinking and business-oriented philosophical approaches will be mixed to deliver a highly innovative learning experience. Some of the topics are The Role of Entrepreneur in Modern Society and How to Develop a Winning Business Model, From Ideas to Reality. Entrepreneurship has never been so fun before!

MORE INFORMATION ABOUT THE COUNTRY, CITY AND UNIVERSITY:

CZECH REPUBLIC
