

TITLE OF SUBMISSION IN THE LANGUAGE OF THE GIVEN SUBMISSION

Author's given name, SURNAME

Abstract:

This is a template for the *Word and Image in Communication with Children* e-journal. Your submissions should be formatted as shown in this sample template. Please read carefully!

Key words:

template; article; Czech language; Slovak language

Article Text

This template demonstrates the formatting and layout of an article for the electronic journal *Word and Image in Communication with Children*. Defined styles include paragraph spacing, font, and font size; therefore, please be sure to use the correct paragraph style! For peer-reviewed articles, the length should not exceed **12-25 pages** when using our template, including all image attachments, reference literature and contact details.

Insert images and charts on a new line and align them in the centre. Number the captions under figures and graphs.

Open this template and type your text directly into it. If you have already written your paper in another document, insert it using this procedure (in MS Office): “Edit” - “Paste Special” and select “Unformatted Text.” Additional editing should preferably be done directly in our template.

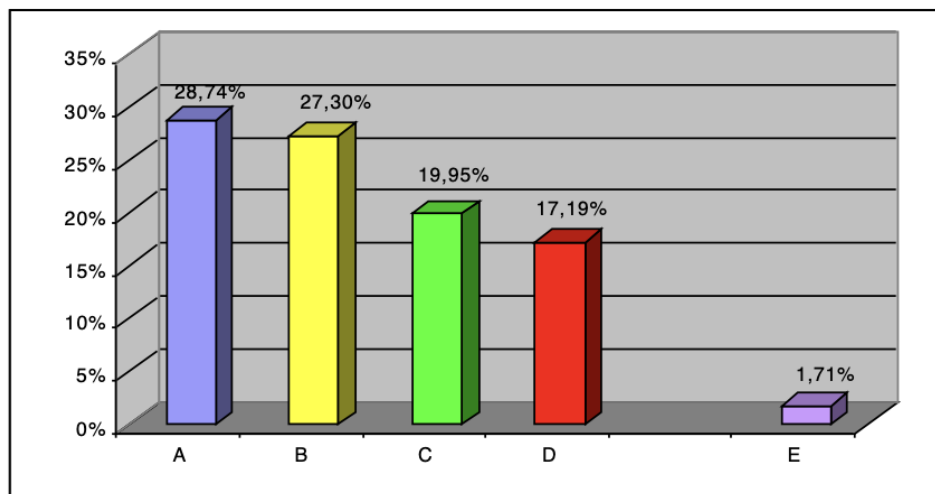

Figure 1: Sample image caption

Insert footnotes as such: “Insert” – “Link” – “Footnote.” Please observe the following bibliographic citations in the reference list according to ISO 690. Cf. our four examples (in order): book; periodical article; proceedings paper; internet source.
